AIM HIGH for GCSE Grades 8 & 9 at LHS

As we enter our new academic year our newly appointed Senior Students met with students from across the Arden Multi Academy Trust to discuss and review how they were being challenged to gain the highest possible grades at GCSE.

They also spent time researching the variety of routes in to higher education and the entry requirements needed for their own chosen route ahead.

New friends have been made and future aspirations routes mapped out ready to bring these ideas back to school and deliver to staff and LHS students.
